Hi Webster –

Thanks. Would you be available before tomorrow's 11 call to discuss approvability? If so, please suggest a time. Otherwise, I've available as follows:

Aug 27 – available except 11-12, 3-4

Aug 28 – available except 9-10, 12-1, 2-230, 3-4

Hi John,

Yes, we're planning to take the Portola contingency item, as reflected in Portola's Ordinance #354, to our Board in October as a consent item. We'll want to share the calculations on exactly how we're accounting for the reductions well before the October hearing and we plan to meet internally to be certain we have the calculation write-up put together in a way that's as clear and understandable as possible.

Also, I wanted to follow-up on the approach for contingency we all discussed as a group on the August 1st call. Based on the way it was described, does that approach appear to be workable from EPA's perspective? We wouldn't want to take something to the Board without getting some degree of agreement that the approach is approvable. We'll get the calculations to you soon, then it's probably best that we all have another call to discuss. Again, this would be well before the October 24th hearing date.

Let me know if you'd like to discuss.

Thanks,
Webster

Hi Webster –

On our Aug 1 call, we discussed issues related to the submittal of the City of Portola's Ordinance #354, including the possibility of it being a consent item on the Oct Board calendar. Because of the complaint for injunctive and declaratory relief ("complaint") filed by the Center for Biological Diversity in late May 2019, we are very supportive of having the item on the Oct Board calendar so that we can act on the submittal in a reasonable time frame in the context of the complaint. Please let us know at your earliest convenience whether you were successful with getting the item on the Oct Board calendar.

Please call if you like to discuss.

Thanks

John Ungvarsky
